

BEFORE THE
PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

DOCKET NO. 2019-366-C

Application of Global Connection Inc.)
of America For Approval of Proposed)
Service Discontinuance, Cancellation of)
its Telecommunications Authority and)
Relinquishment of its Wireline Eligible)
Telecommunications Carrier)
Designation)

APPLICATION

Global Connection Inc. of America (“Global” or the “Company”), by counsel and pursuant to § 58-9-300 of the *South Carolina Code of Laws*, hereby respectfully requests that the South Carolina Public Service Commission (“Commission”) approve the Company’s proposal to discontinue regulated wireline services as described herein. Global proposes to discontinue the provision of resold prepaid local exchange and interexchange services to residential customers within the State of South Carolina. The effect of this discontinuance upon the South Carolina competitive telecommunications market will be minimal, as the Company currently provides wireline services to a very limited number of customers in the State and these customers have a growing number of alternative choices for service providers.

In connection with its decision to discontinue provision of intrastate wireline services in South Carolina, Global respectfully requests that as soon as practicable after February 29, 2020, the Commission (i) cancel Global’s intrastate wireline telecommunications authority and (ii) approve the Company’s relinquishment of its wireline Eligible Telecommunications Carrier (ETC) designation. In support of this request, Global provides the following information:

RECEIVED
NOV 26 2019
PSC SC
MAIL / DMS

I. The Applicant

The Company:

Global Connection Inc. of America
5555 Oakbrook Parkway, Suite 620
Norcross, GA 30093
Phone: (678) 741-6245

Global provides intrastate wireline telecommunications services in South Carolina pursuant to authority granted by the Commission.¹ The Company was designated by the Commission as an ETC to provide wireline Lifeline services in parts of South Carolina on Sept. 21, 2016 in Docket No. 2016-275-C. As discussed herein, the Company wishes to surrender its telecommunications license and wireline ETC designation. Global also operates in South Carolina as a provider of commercial mobile radio services (CMRS) and a Lifeline-only ETC under the d/b/a Stand Up Wireless.² **This filing solely addresses Global's wireline services.**
The Company will continue to provide CMRS in South Carolina.

II. Discontinuance of Wireline Services and Surrender of Telecommunications License

After extensive assessment of the market, Global has determined that its strategic business plans in South Carolina do not include the continued provision of wireline

¹ Global was granted authority by the Commission to provide local exchange telecommunications services in South Carolina on July 19, 2000 (Order No. 2000-580/local exchange) and January 25, 2002 (Order No. 2002-58/UNE-P) in Docket No. 2000-149-C and interexchange services on August 17, 2010 in Docket No. 2010-220-C (Order No. 2010-567).

² The Company was designated as an ETC to provide Lifeline services on a wireless basis on September 27, 2012 in Docket No. 2012-167-C (Order No. 2012-776).

telecommunications services.³ At this time, the Company has no more than 130 customers in South Carolina for these services. On November 25, 2019, Global sent written notice by first-class mail, to all affected customers in South Carolina, notifying them that the Company will cease providing the prepaid wireline local exchange and interexchange services they currently receive.⁴ As a result, these subscribers have received at least sixty (60) days' notice of the proposed discontinuance. A copy of the notice form sent to South Carolina subscribers is provided as **Attachment 2**. The notice complies with Federal Communications Commission (FCC) Rule 63.71 and underscores to the subscriber the need to make arrangements with another provider in a timely manner. A toll-free customer service number for the Company is provided so that subscribers may seek assistance from Global personnel while making these arrangements.

Following completion of the discontinuance process, Global does not intend to provide any wireline telecommunications services in South Carolina. Accordingly, the Company respectfully requests that the Commission cancel its wireline authorizations on or after February 29, 2020.

III. Relinquishment of ETC Designation

The Commission designated Global as an ETC for provision of wireline low-income (Lifeline-supported) services in the operating territories of BellSouth Telecommunications, LLC

³ Global is also discontinuing provision of interstate wireline services to South Carolina customers and has made the appropriate filing with the Federal Communications Commission. A copy of that filing is provided here as **Attachment 1**.

⁴ The discontinuances are scheduled to occur on dates beginning with February 1, 2020 and concluding on February 29, 2020. The Company intends to time the discontinuances to align with the end of each customer's prepaid monthly service period. Each customer has been sent a notice identifying the specific date on which his or her discontinuance is scheduled.

d/b/a AT&T South Carolina (AT&T), United Telephone Company of the Carolinas d/b/a CenturyLink, Frontier Communications of the Carolinas, Inc., and Windstream South Carolina, Inc. (Windstream). In connection with its exit from the wireline sector, Global respectfully requests to relinquish its designation.⁵ The Communications Act of 1934, as amended, and FCC Rule 54.205 provide that an ETC designated in an area served by more than one ETC shall be permitted to relinquish its designation. At this time, the Company believes that there are a number of other ETCs serving within Global's designated area. Accordingly, Global's request to relinquish its designation should be approved.

IV. Public Interest Considerations

Commission approval of this application is consistent with the public interest. The customers currently receiving wireline services from Global will be able to transition to new providers. Consistent with South Carolina and FCC requirements, these customers have been given sufficient advance notice of the need to select a new provider such that they will be able to do so in a thoughtful and informed manner. Company representatives will be available throughout (and following) the discontinuance process to assist customers with this process.

⁵ The Universal Service Administrative Company assigned study area code 249032 to Global for its provision of wireline Lifeline services in South Carolina. The Company will contact USAC to have this study area code cancelled in connection with this relinquishment.

Wherefore, Global respectfully requests that the Commission grant its application for approval to (i) discontinue wireline telecommunications services, as discussed herein; (ii) surrender its intrastate South Carolina telecommunications authorization; and (iii) relinquish its designation as a wireline Lifeline-only ETC in South Carolina and grant such other relief as it may deem appropriate.

Respectfully submitted,

ADAMS AND REESE LLP

Attachment 1

**Section 63.71 Discontinuance Application
(Federal Communications Commission)**

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554

In the Matter of)	
)	WC Docket No. _____
Section 63.71 Application of)	
Global Connection Inc. of America)	

SECTION 63.71 APPLICATION

Global Connection Inc. of America (Global or the Company) hereby seeks authorization, pursuant to Section 214(a) of the Communications Act of 1934, as amended (the Act), 47 U.S.C. §214, and Section 63.71 of the Federal Communications Commission’s (“Commission”) rules, 47 C.F.R. §63.71, to discontinue its provision of resold domestic wireline services¹ in the states of Alabama, Arkansas, Georgia, Louisiana, Michigan, Mississippi, North Carolina, South Carolina, Tennessee and Texas. This discontinuance represents the next-to-final phase of Global’s exit from wireline operations.² Following the completion of this process, Global will focus entirely upon its wireless services operations in the United States.

Global is currently authorized to operate as a reseller of local exchange and interexchange wireline telecommunications services in these ten states. The Company also is designated in these states as a wireline “Lifeline only” Eligible Telecommunications Carrier (ETC). In connection with the proposed discontinuance, Global is surrendering or otherwise

¹ Global’s FCC Registration Number is 0010765329. The Company holds blanket domestic Section 214 authority from the Commission pursuant to operation of law. (47 C.F.R. § 63.01) Global does not provide (and is not discontinuing) international wireline service to any of the customers involved in this discontinuance.

² Global has been gradually discontinuing its operations over the past year. *See, e.g.*, WC Dkt. 19-54 (discontinuing interstate wireline services in Florida, Illinois, Indiana, Kansas, Missouri, Ohio and Oklahoma).

arranging for cancellation of its intrastate wireline authorizations and relinquishment of its *wireline* ETC designations.

Global also operates as a wireless carrier in over two dozen jurisdictions and holds international Section 214 authority.³ The Company does not propose to discontinue any of its wireless services in any states at this time. Global is not surrendering its international section 214 authority, as it will continue to offer wireless services that may include international components.

Global provides the following information pursuant to Section 63.71 of the Commission's Rules:

1. Name and Address of Carrier: Global is located at 5555 Oakbrook Parkway, Suite 620, Norcross, GA 30093.

2. Date of Planned Service Discontinuance, Reduction or Impairment: The Company plans to discontinue the provision of these local exchange and long distance services beginning on February 1, 2020, subject to receipt of regulatory approvals.⁴ Global understands that this application will be automatically granted on the 31st day after public notice of filing unless the Commission notifies the Company to the contrary.

3. Points of Geographic Areas of Service Affected: Global proposes to discontinue the provision of these services throughout its territories in the following states: Alabama, Arkansas, Georgia, Louisiana, Michigan, Mississippi, North Carolina, South Carolina, Tennessee and Texas.

³ The Company was granted international Section 214 authority on May 7, 2004 in File No. ITC-214-20040421-00150.

⁴ The discontinuances are scheduled to occur over a period from February 1, 2020 through May 15, 2020. The Company intends to time the discontinuances based upon each customer's prepaid service period. Each customer has been sent a notice identifying the specific date on which his or her service discontinuance is scheduled.

4. Brief Description of Type of Service Affected: The Global service offerings affected by this discontinuance are comprised of prepaid wireline local exchange and long distance services. These services provide voice service over the public switched telephone network (PSTN).

After extensive assessment, Global has determined that its strategic business plans do not include continued provision of wireline services. The Company will focus upon provision of competitive wireless services throughout its territory. Global has a limited number of remaining wireline customers in these states to be adversely affected by the discontinuance. Moreover, consumers in these states will not be harmed generally by the discontinuance of these services because they will have access to a considerable number of alternative providers, including the incumbent local exchange carrier and competitive carriers offering wireline, wireless and Voice over Internet Protocol services.

5. Brief Description of the Dates and Methods of Notice to All Affected Customers: Global has a total of fewer than 2,500 customers for wireline services in the states where it proposes to discontinue wireline operations. These customers have been provided at least sixty (60) days' advance notice, via first-class mail, of the discontinuance of service.⁵ A copy of the notice content, which complies with the requirements of 47 C.F.R. § 64.1120(e) is attached.

6. Whether the Carrier is Considered Dominant or Non-Dominant with Respect to the Service to Be Discontinued, Reduced or Impaired: Global is considered non-dominant with respect to the affected services.

In accordance with Section 63.71 of the Commission's Rules and concurrent with the filing of this Application, a copy of this Application is being mailed to the Special Assistant for

⁵ Customer notices were sent on November 25, 2019.

Telecommunications for the Secretary of Defense and the Governor of each of the states where services are being discontinued. Similarly, a copy is being submitted to the public utility commission for each of the affected states.

Additional questions regarding this application should be addressed to the undersigned.

Respectfully submitted,

Global Connection Inc. of America

**Notice of Discontinuance of Your Telephone Service
by Global Connection Inc. of America**

Dear Global Connection Customer:

We regret to inform you that we are preparing to discontinue the provision of wireline local and long distance telephone services in ten states, including [State].¹ As a result, subject to receipt of required regulatory approvals, your Global Connection Real Home Phone service will be discontinued on or shortly after [DATE].²

In order to avoid a disruption in telephone service, you must make arrangements to receive service from a new telephone company before [DATE]. Please note, you will have one or more service renewal dates, the last being on [DATE]. If you continue to renew your service by those renewal dates, you will continue to have telephone service until your Last Service Date of [DATE].

As always, you may choose not to renew your service on or by your upcoming renewal date(s) and instead terminate your service at that time.

If your account is set up for Automatic Renewal, the service will be renewed on [DATE], unless you contact the Call Center at the number below.

If you do not arrange to have your telephone service provided by a new telephone company prior to your Last Service Date, you will lose telephone service (which means that you will be unable to make local calls including 911) and you may not be able to keep your current telephone number(s) with the new service provider. We urge you not to delay in arranging for a new service provider, as some carriers may require several weeks to install new services. To help avoid any lapse in your service, please check carefully that all services you currently receive from Global Connection, including both local and long distance services, are moved to your new carrier.

¹ Global is discontinuing these services in Alabama, Arkansas, Georgia, Louisiana, Michigan, Mississippi, North Carolina, South Carolina, Tennessee and Texas.

² **NC Customers:** Effective with this notice, Global will no longer make any changes to or reconnect any existing service or any accept any orders for new service. **TX Customers:** Global will pay the "switchover" fees, if any, associated with the transfer of your regulated services to another service provider. The Company will comply with state law regarding return of deposits and credits to customers within 60 days of this notice; however, Global does not collect deposits.

ALL STATES EXCEPT MI AND MS

5555 Oakbrook Parkway
Suite 620
Norcross, GA 30093

The names and telephone numbers of local telephone service companies, which also typically provide long distance service, should be listed in your telephone directory. Customer service representatives at these companies will help you to select services to most effectively replace your current Global Connection service. We also enclose a list of providers that may be operating in your area. If you arrange for new service before your Global Connection service is terminated and wish to keep your current telephone number(s), please be sure to address this with your new service provider.

Global Connection offers prepaid wireless service under the brand StandUp Wireless. You have the option of selecting an Unlimited Talk, Unlimited Text and 1 Gigabyte of Mobile data for Twenty dollars per month. The plan includes long distance calling, voicemail and standard features for a significant discount to your current landline service. If you would like to purchase this option as an alternative to your landline service, or have questions please call us at 800-551-7993.

The Federal Communications Commission requires us to provide you with the following notice in connection with its review of the proposed discontinuance:

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Global Connection Inc. of America. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

We thank you for being a Global Connection customer and remain committed to making your service transition as smooth as possible. If you have any further questions regarding the discontinuance of our services in the eleven states listed above, please contact Global Connection Customer Service at 800-551-7993.

Sincerely,
Global Connection Inc. of America

**Notice of Discontinuance of Your Telephone Service
by Global Connection Inc. of America**

Dear Global Connection Customer:

We regret to inform you that we are preparing to discontinue the provision of wireline local and long distance telephone services in ten states, including Michigan.¹ As a result, subject to receipt of required regulatory approvals, your Global Connection Real Home Phone service will be discontinued on or shortly after [DATE]. Michigan state law requires that we notify you of this well in advance. You will receive another notice at least ninety (90) days prior to the discontinuance of your service.

In order to avoid a disruption in telephone service, you must make arrangements to receive service from a new telephone company before [DATE]. Please note, you will have multiple service renewal dates, the last being on [DATE]. If you continue to renew your service by those renewal dates, you will continue to have telephone service until your Last Service Date of [DATE].

As always, you may choose not to renew your service on or by your upcoming renewal date(s) and instead terminate your service at any of those times.

If your account is set up for Automatic Renewal, the service will be renewed on each renewal date through [DATE], unless you contact the Call Center at the number below.

If you do not arrange to have your telephone service provided by a new telephone company prior to your Last Service Date, you will lose telephone service (which means that you will be unable to make local calls including 911) and you may not be able to keep your current telephone number(s) with the new service provider. We urge you to begin to give thought to arrangements for a new service provider, as some carriers may require several weeks to install new services. To help avoid any lapse in your service, please check carefully that all services you currently receive from Global Connection, including both local and long distance services, are moved to your new carrier.

The names and telephone numbers of local telephone service companies, which also typically provide long distance service, should be listed in your telephone directory or on the

In order to avoid a disruption in telephone service, you must make arrangements to receive service from a new telephone company before [DATE]. Please note, you will have one or more service renewal dates, the last being on [DATE]. If you continue to renew your service by those renewal dates, you will continue to have telephone service until your Last Service Date of [DATE].

As always, you may choose not to renew your service on or by your upcoming renewal date(s) and instead terminate your service at that time.

If your account is set up for Automatic Renewal, the service will be renewed on [DATE], unless you contact the Call Center at the number below.

If you do not arrange to have your telephone service provided by a new telephone company prior to your Last Service Date, you will lose telephone service (which means that you will be unable to make local calls including 911) and you may not be able to keep your current telephone number(s) with the new service provider. We urge you not to delay in arranging for a new service provider, as some carriers may require several weeks to install new services. To help avoid any lapse in your service, please check carefully that all services you currently receive from Global Connection, including both local and long distance services, are moved to your new carrier.

¹ Global is discontinuing these services in Alabama, Arkansas, Georgia, Louisiana, Michigan, Mississippi, North Carolina, South Carolina, Tennessee and Texas.

² **NC Customers:** Effective with this notice, Global will no longer make any changes to or reconnect any existing service or any accept any orders for new service. **TX Customers:** Global will pay the "switchover" fees, if any, associated with the transfer of your regulated services to another service provider. The Company will comply with state law regarding return of deposits and credits to customers within 60 days of this notice; however, Global does not collect deposits.

5555 Oakbrook Parkway
Suite 620
Norcross, GA 30093

The names and telephone numbers of local telephone service companies, which also typically provide long distance service, should be listed in your telephone directory. Customer service representatives at these companies will help you to select services to most effectively replace your current Global Connection service. We also enclose a list of providers that may be operating in your area. If you arrange for new service before your Global Connection service is terminated and wish to keep your current telephone number(s), please be sure to address this with your new service provider.

Global Connection offers prepaid wireless service under the brand StandUp Wireless. You have the option of selecting an Unlimited Talk, Unlimited Text and 1 Gigabyte of Mobile data for Twenty dollars per month. The plan includes long distance calling, voicemail and standard features for a significant discount to your current landline service. If you would like to purchase this option as an alternative to your landline service, or have questions please call us at 800-551-7993.

The Federal Communications Commission requires us to provide you with the following notice in connection with its review of the proposed discontinuance:

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Global Connection Inc. of America. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

We thank you for being a Global Connection customer and remain committed to making your service transition as smooth as possible. If you have any further questions regarding the discontinuance of our services in the eleven states listed above, please contact Global Connection Customer Service at 800-551-7993.

Sincerely,
Global Connection Inc. of America
